

PETROLEUM

VKB Petroleum ATF DEXRON II

- Automatic transmission fluid formulated to satisfy the requirements of GM Dexron II in terms of
- Friction modified characteristics (to favour smooth and noiseless engaging of brakes and clutches)
- High thermal and oxidative stability
- Anti-wear protection
- High fluidity at low temperatures
- High viscosity index.
- It is recommended not only for automatic transmissions but also for power steering, gear boxes, hydraulic systems and any other application where a Dexron II type fluid is suggested.

Performance Level

Meeting the performance levels required by the following specifications:

- GM DEXRON II ALLISON C3
- ATF Dexron II inglese- 0206
